*Hansen started Spring Break out right with his catch of the day!*

## Property News

Thanks to all who attended the Easter party--a great time was had by all!

**Grow Crazy!** Container gardening is an easy way to brighten your patio. A variety of flowers can be grown in portable containers that can be moved to take advantage of sunlight. If you don't have a patio there are many wreath options for your front door, just remember to use hangers that do not damage the door. This brings us to our annual Spring patio/door decoration contest. Please submit pictures of your patio/door by May 1 and you could win a gift card. 1st place \$50, 2nd place \$30, 3rd place \$20

As warmer weather approaches we need to adapt the mindset of neighbors helping neighbors. It's a simple adage and one that holds immeasurable power when it comes to keeping communities safe. Over the years, neighborhood watch groups have grown in number, having a positive impact on the reduction of crime in communities throughout the country. According to the National Neighborhood Watch Program, burglaries nationwide decreased more than 30 percent throughout the 1990s, thanks to communities taking a more active role in stopping crime before it starts. You don't necessarily need an organized group to watch out for your neighbors but reporting suspicious activity when it happens is a great start.
